

# 1010 XP-9

The popular 1010 has had a sleek new update with the 1010 XP-9. This popular product is still as adaptable as the original, but now has an improved design which eliminates stray light providing even more effective light in front where you need it.

Available in 2,500 to 4,000 effective lumen options and tested to achieve the highest ratings. Vibration dampers are standard and an advantage when ground conditions cause increased vibration and shock.
